

TMSLIGHTING

ARRA/GPA Compliance

To Whom It May Concern:

This letter is to inform all stakeholders and participants in U.S. government funded lighting projects about the U.S.–Canada Agreement on Government Procurement (GPA) and its relevance to ARRA.

- 1) Effective Feb 16 2010, this agreement permits permanent and reciprocal U.S. state and Canadian provincial procurement under the GPA/WTO.
- 2) Canadian access to ARRA funded projects larger than \$ 7.8 Mill (USD) has been granted until September 2011, a date widely expected to be extended in the near future.

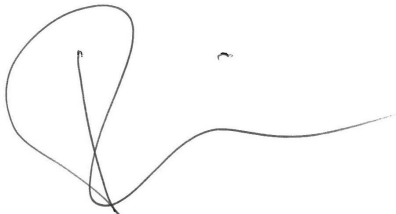

For additional details, please review the attached U.S. and Canadian governmental memorandums and web-links:

<http://www.ustr.gov/trade-topics/government-procurement/us-canada-agreement-government-procurement>

<http://www.canadainternational.gc.ca/sell2usgov-vendreaugouvusa/procurement-marches/ARRA.aspx?lang=eng>

We appreciate your interest and thank you for considering, specifying, and incorporating TMS Lighting within all your North American and international projects.

With Best Regards,

Paul Endlicher
National Sales Manager
